EDUCATION

University of California, Berkeley

B.A. Data Science, B.S. Business Administration, and B.A. Cognitive Science

Graduating: May 2028

GPA: 3.8 / 4.0, SAT: 1510

WORK EXPERIENCE

[SUMMER 2026] Global Finance and Business Management Summer Analyst at JP Morgan Chase

EVERGREEN GOODWILL - Project Manager, Strategic Waste Diversion

Mar 2025 – Dec 2025

[Nonprofit organization operating 25 retail stores and 30 donation sites]

Seattle, WA

- Led a 13-week project, assessing sustainable landfill diversion solutions for an annual 200 tons of unsellable plastics
- Collaborated with C-suite executives to prioritize data inputs for an AI-powered vendor scoring framework, reducing evaluation time by 40% through automated comparison, and managed my team of 5 in evaluating 30+ potential vendors
- Interviewed 20+ physical AI and circularity leaders to inform our search, finally recommending a solution with a \$42,000 total annual financial benefit and ability to place >85% of Evergreen Goodwill's plastics into confirmed end markets
- Built interactive KPI dashboards visualizing waste diversion rates, vendor reliability, and costs for aftermarket transparency

SELLSIDE GROUP - Junior M&A Intern, Data and Product Analytics

May 2025 – Aug 2025

[Boutique M&A Advisory Firm]

Dallas, TX

- Built SQL pipelines and Excel dashboards to model revenue scenarios and market benchmarks, informing client valuation
- Produced Confidential Information Memoranda (CIMs) that integrated performance analytics with market positioning narratives, enabling sell-side clients to articulate value, attract qualified buyers, and accelerate deal execution timelines

BLUE SHIELD OF CALIFORNIA (BSC) - Contract Research Analyst

Jan 2025 – May 2025

[Nonprofit insurance plan working on affordability of quality healthcare]

Bay Area, CA

- Designed and executed a mixed-methods study on maternal mortality disparities across Northern California hospitals, leading a team of 5 through 30+ provider interviews to identify systemic drivers of inequity in healthcare delivery
- Built a centralized data coding system to categorize 1,200+ data points by cause, region, and provider type, enabling pattern recognition that informed five key structural recommendations for Blue Shield of California's health equity initiative
- Work ultimately presented to Berkeley MPH candidates, with an invitation to meet the Dean of the School of Public Health

REFORMATION - Contract ESG Product Analyst

Aug 2024 – Jan 2025

[Global clothing and accessories brand committed to sustainable fashion]

London, UK

- Mapped 75+ EU and U.S. environmental regulations to Reformation's operational data systems, ensuring alignment
- Built a compliance-tracking dashboard that visualized risk exposure and cost-benefit tradeoffs across 10+ supply-chain functions, enabling executives to prioritize high-impact, low-cost interventions with clear ROI and long-term visibility
- Partnered with data, legal, and sustainability teams to deliver a 40-slide presentation and 6-page Excel model, outlining a phased roadmap projected to improve cross-border compliance efficiency by 30% and reduce regulatory blind spots by 25%

LEADERSHIP ROLES & PROJECTS

PERPLEXITY AGENT BUILD NIGHT - Lead Developer and Designer

April 2026

- Won "Best Computer Powered Product" for Knosy, an AI-powered meeting companion that transcribes action items, assigns them to teammates, and starts working on them autonomously with no additional prompting, built in just 3 hours

PROJECT UNLOADED - Creator Corps Lead

June 2023 - Present

[Youth-centered non-profit aiming to prevent Gen Z uptake of gun ownership]

Chicago, IL

- Expanded the 'Safer Not Using Guns' (SNUG) campaign to reach 6M+ teenagers by producing high-impact media content and collaborating with local news outlets, resulting in a documented 25% shift in viewers' attitudes toward gun safety
- Directed an integrated research and outreach initiative, synthesizing 350+ hours of primetime television analysis into actionable messaging and executing a grassroots educational flyering project across 18 high school and college campuses

NET IMPACT BERKELEY - Internal Vice President

Aug 2024 - Present

[Undergraduate and MBA social impact consulting organization]

Berkeley, CA

- Became the youngest ever Senior Associate Consultant and Project Manager in the organization's 18 years of operation by demonstrating strong executive presence and a proactive approach to high-stakes project delivery and team mentorship
- Secured \$60K in project funding within a two-month sourcing cycle through managing end-to-end client outreach and negotiations (marking the highest-grossing semester in the organization's history) initiating a \$2000 philanthropic donation
